

SVPA ASMAP
ASAP

SWISS ASSOCIATION OF
PSYCHIATRIC TRAINEES

Swiss Association of Psychiatric Trainees - SAPT

The association SVPA-ASMAMP-ASAP:

- offers non-contributory membership for residents in training for the specialist title in **Psychiatry and Psychotherapy**, as well as **Child and Adolescent Psychiatry and Psychotherapy**
- promotes the psychiatrists' next generation and responds to enquiries regarding training program
- creates a space for networking and organises events for its members (e.g. general assembly, retreats)
- promotes national and international exchange (e.g. EFPT)
- promotes research in the field of psychiatry
- networks with other interest groups in the field of psychiatric health care and advocates for the interests of doctors in the field of psychiatry at the level of professional policy
- provides information on training and exams on its website in **four languages**, further training opportunities, congresses, awards, fellowships, etc.
- plays a significant role in opinion-forming on questions of improvement of the working and training conditions of doctors in further training for the specialist title and represents this opinion within the Swiss Society of Psychiatry and Psychotherapy and to the Psychotherapy (SGPP) and to other institutions
